

End to End for Life Sciences: CARA for Corporate (IT, Legal, HR)

Corporate teams often require information from various locations across the enterprise but are not viewed as integral to an enterprise platform, so the information flow to these departments is very poor. As part of the CARA Intelligent Content Services Platform, businesses can manage and reuse corporate information across their IT landscape

Management of all standard HR documents (e.g. Hiring, Compliance, Resumes, Payroll etc)

Contract Approval and e-signature

CARA manages the full lifecycle of contracts from creation through to final amendments. E-signatures can also be added using the DocSecure tool.

Self-service where staff can manage e.g. vacation requests

Pure Data Management

CARA's data management provides an ideal tool for numerous corporate tasks, including employee data management

Scanning, OCR and full text search

Seamless Enterprise Data

Corporate duties made simpler by being part of a truly integrated landscape, where relevant data is available from a central source of truth.

Multi-lingual support

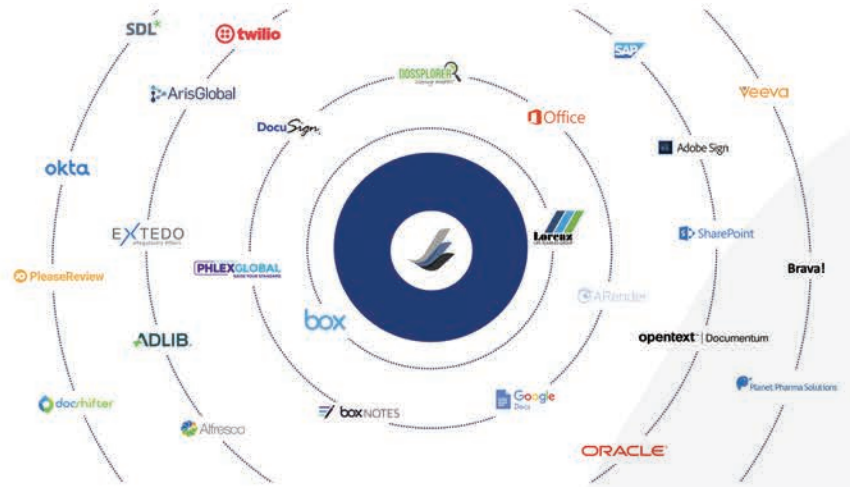

Watermarking/ e-signature

Documents can be watermarked with overlays and system information, including company logos, timestamps and more. These are applied dynamically when documents are viewed in the system or printed. Our eSignature capabilities further extend this by applying user information into a signature page that can be added to documents automatically depending on your business process

Connect your Landscape
New CARA is the most interoperable ECM platform for Life Sciences.

Pure SaaS

All our of New CARA solutions are cloud-first, providing the simplicity and security of a fully-managed service. Backed by global content storage leaders, you can be safe in the knowledge that your content and information is protected by cutting-edge technology in a private cloud.
