

CARA Annotation Services

Annotations directly embedded in CARA

Open a document for annotating directly inside your CARA window, and work with colleagues on a real-time review of documents.

Features:

- Inline within CARA
- See other's annotations as they are done
- Full set of annotations (text, strikethrough, redactions)
- Comment and reply to each other's comments
- View annotations across multiple documents at once
- Document comparison including pixel-by-pixel
